

SCHOOL *of the* SPIRIT

An invitation to
participate in
School of the Spirit

A one-year experience of spiritual formation in community

for those who have a quest to . . .

Be the change our world needs.

School of the Spirit, embarking on its ninth year, is a distinct one-year school of contemplative practices grounded in the basic spiritual practices of Jesus and the early church. The focus of this structure is *not on the latest fad but on centuries-old practices* that will renew our encounter with Christ, grounded in the vitality of a committed community to hold each participant's journey. Through the living process of placing ourselves before God to be schooled by the Holy Spirit, we trust God's grace to renew our minds (Romans 12:1-2) and revive our spirits. ~ Don Carroll

Developed by Jody Seymour and a core team of seasoned facilitators and practitioners, Jody states that "*School of the Spirit* is one of the finest renewal experiences I know of for ministers. It provides needed respite and a manageable pattern for spiritual growth. I hope you will consider this opportunity as you ponder how you will 'care for your soul.' I know first-hand how thirsty we ministers can get giving other people water. This is a great stop by the well."

~ Rev. Dr. Jody Seymour, former Sr. Pastor/Davidson United Methodist, Davidson NC

Program Description

Over the course of the year, students read books and articles, view life-changing documentaries, monthly engage in and experiment with a variety of spiritual formation activities/practices, develop a spiritual community with a small group of co-learners, and experience 10 days of teaching and formational activities built around time-tested concepts. This robust curriculum helps the student become more open, receptive and responsive to God's transforming grace and work in us.

Because we know *real growth takes place slowly over time with others*, this twelve-month formational program is structured as a series of retreats. With each seasonal retreat, our intent is to create an environment of prayer, learning, and formation devoted to intentionally living our faith as a way of life —no matter our setting!

All retreats follow a similar format

- There are times for learning, reflection, engagement, and silence.
- In between times, you will have “Monthly Practice” assignments to help you prepare and put into practice your learnings.
- To further enhance your inner-transformation, you are highly encouraged to reach out to one or more of your classmates via a monthly accountability relationship to nurture your covenant journey toward God.
- In large group, small group, and solitary times, this work is about being and becoming.
- Our aim is to provide a safe space that fosters listening to how God is calling, empowering, and leading you in your journey toward wholeness.
